

Redwood Quality Management Company (RQMC) is the Administrative Service Organization for Mendocino County- providing management and oversight of specialty mental health, community service and support, and prevention and early intervention services. The following data is reported by age range, along with a total for the system of care (either youth or adult) as well as the overall RQMC total. This will assist in interpreting how different demographics are accessing service, as well as assist in providing an overall picture of access and service by county contract (youth and adult). Our goal is to provide the Behavioral Health Advisory Board with meaningful data that will aid in your decision making and advocacy efforts while still providing a snapshot of the overall systems of care.
